

PORT PHILLIP ESTATE

■ Pinot Noir

■ Chardonnay

Balnarring vineyard

Port Phillip Estate's Balnarring vineyard is planted to almost 11.5 hectares of Pinot Noir and Chardonnay. The vineyard lies between an altitude of 50 and 60 metres.

The first vines were planted in 1997. As our viticultural understanding of the property has developed we have planted two more blocks to Pinot Noir, applying the higher density planting model of cool climate winegrowing regions in the Old World.
